SUPPLEMENTAL SHEET.

SERIAL NO. 4799

No. 7 Remarks.

This application may be considered as supplemental to Proof of Appr. #01153, by G.G.Davis, and is intended to cover sufficient water to properly irrigate nine acres of land in addition to the acreage covered by the above mentioned proof, the said nine acres being a portion of G.G. Davis, homestead designated by the Forest Service, U.S.Dept.Agr. as Homestead Entry Survey No.197, referred to U.S.L.M.No.262, under instructions of Surveyor General for Nevada.

Approximately five and one half acres of the nine acres are under cultivation commenced by Davis, and the remaining, three and one half acres are proposed for cultivation.

The accompanying plat is intended to afford a fair idea of the relative locations of the cultivated & proposed lands in addition to the acreage already embraced in the Davis proof No.01153.
